SATELLITE/CABLE INSTALLATION
CONDITIONS FOR APPROVAL

RE: Satellite Installation

The following conditions must be met in order for installation of satellite/cable service to have approval from the Housing Authority Office in accordance with the Lease Agreement:

1. I agree to notify the Housing Authority office to document my file that satellite installation has been scheduled and provide the name of the installer.
2. I agree that the satellite dish and any jacks must be installed by a professional installer.
3. I agree that the satellite dish may not be attached directly to the building or the roof and may not be installed in a manner that would cause damage to the building or roof upon removal of the service.
4. I agree that the satellite dish may only be installed on a post installed adjacent to the apartment or on the pole that formerly held the television antenna on the roof. Post should be installed atleast 5 feet from the dwelling unit to allow mowing.
5. I agree that the satellite dish and jacks must be installed using care not to create trip hazards with the cable both outside and inside the building.

ADDITIONAL CABLE/SATELLITE JACK INSTALLATION
CONDITIONS FOR APPROVAL

1. I agree that the additional cable or satellite jack(s) must be installed by a professional installer.
2. I agree that the additional cable or satellite jack(s) must be installed in a manner using care not to create trip hazards with the cable both inside and outside of the building.
3. I agree that the additional cable or satellite jack (s) must have the appropriate cover plates and may not have exposed wires.

By signing this agreement, I acknowledge that I will be held responsible for any damages to the building or roof resulting from installation that is not consistent with these conditions. I agree to pay all the costs associated with returning the building/roof to the proper condition resulting from installation not consistent with these conditions.
